

A LETTER FROM OUR CEO, CLOVIS GRANT

We Need You More Than Ever

We hope that everyone is healthy and staying safe during this challenging time we are all facing. As the number of cases of the COVID-19 Virus increases, we want to assure you that 360°kids has a business continuity plan in place and we are implementing new measures to ensure the health and safety of our young people and staff.

We are working daily with our government representatives, and community partners to address the challenges we are all facing while continuing to meet the need of those who need our services.

Out of an abundance of caution we have decided to close our drop-in programs and alter how we deliver services in our community-based programs.

We know that during times like this, many in the community are looking for ways to help. **Right now, the best way that you can help us at the moment is through a financial donation** to allow us to put to the area of greatest need, for example for cleaning supplies, protective equipment, food, and gift cards.

Giving any donation amount to 360°kids right now makes a difference. Please consider doing so online through our secure website at www.360kids.ca and click the Donate Now button to select a one-time or monthly donation amount.

You have always been there to support our young people and these times are no exception. We'll get through this current storm only by working together. Thank you.

Clovis Grant
CEO, 360°kids
