# THE AT-HOME 360° EXPERIENCE

Thursday, March 4th, 2021 | 8:00pm - 1:00am

The  
pandemic  
has  
changed  
so many  
things

However one thing that hasn't changed is youth homelessness in York Region and the need for your support.

*"You finally work up the courage to tell your parents that you are gay and it results in a yelling match with them shouting that you need to get out of their house and never come back. As you run out of your family home in tears you realize you have nowhere to go. The city is in lockdown and there are no safe places to sleep tonight."*

### Where would you go? What would you do?

The At-Home 360° Experience is a eye-opening event that you can do right outside your home. 360°kids staff virtually send you real scenarios faced by one of our youth. It will demonstrate some of the harsh realities youth face when they don't have a home to go to and the city is experiencing a pandemic lockdown.

**For the first year ever, we are taking our 360° Experience and making it virtual.** Individuals, families, couples, and community members are encouraged to learn more about the homeless experience for youth during Covid-19. You will take on the night outside with only the resources a youth might have. This event allows for social distancing and Covid safety protocols.

Incentives will be awarded based on your fundraising level.

Support.  
Inspire.  
Overcome.

There is no fundraising minimum required to participate in this event
