THE AT-HOME EXPERIENCE

360°EXPERIENCE

Would you be able to do it?

You may not know it but in your own schools there are probably classmates that don't have a safe place to stay.

They have to balance school, a social life and the stress of finding a safe place to sleep at night.

THE AT-HOME 360° EXPERIENCE STUDENT EDITION

Thursday, March 4th, 2021 | 8:00pm - 1:00am

The At-Home 360° Experience - Student Edition invites youth of all ages into the shoes of their peers who are experiencing youth homelessness. These kids are just like you - they worry about homework and school but also how they'll get their next meal and will they be safe sleeping on the street for one more night?

Where would you go? What would you do?

The At-Home 360° Experience is a unique and life-changing learning opportunity that students can do right outside their home. 360°kids staff virtually send them real scenarios faced by one of our youth. It will open their eyes to the harsh realities some of their classmates face when they don't have a home to go to and the city is experiencing a lockdown.

Students are encouraged to learn more about youth homeless during Covid-19 by facing the cold, the loneliness and the hunger that comes with sleeping on the streets with nowhere to go. You will take on the night outside with only the resources a teen might have access to.

High school students participating will receive volunteer hours for both fundraising and taking part in the event. One hour for every \$100 raised and five hours for completing the night. Additional hours are available upon completing elective tasks.

Incentives will be awarded based on your fundraising level.

**Support.
