Hello there!

Thank you for showing interest in creating a life skills video that will help us empower the minds of our youth.

In this document we will go over how to upload and share your life skills video with us!

Now that you have completed your skills video, share it with us and make a difference in the lives of youth!

Please upload your video to the following link so that we can have it saved in our data base and share it with someone that may be interested in getting involved in something that you have taught them!

https://drive.google.com/drive/folders/1D48X2vLfUnbdjxw6UcbO_gkRozaE1mVG?usp=sharing

If you are unable to click the link directly from this document, you can copy and paste it into your search engine.

You may have to sign in so that you will have access to the folder.

If you do not have a Gmail account that's okay!

You can share your video with us via the WeTransfer website at wetransfer.com

Just upload your file, put in your email and a message about your video so we know what it's about and who it is from, and you can send it directly to lesley.sims@360kids.ca

The video will take some time to upload depending on its length and size, you will then get a confirmation email once it has been sent.

Thank you for choosing to get involved and do your part to help the youth at 360°kids. We are so excited to see what you create and share with us!

- The 360°kids Team
